HISTORICAL NOTES - PLACE NAMES

HISTORICAL NOTES — PLACE HAMP.

The first neorded visit to the sist of Banfi Istal was made in 1841. 
That year, in August, Six George Simpson, Governor of the Hudsork Bay Company, ponetrated the Bew River Valley from the east. He passed Lake Minnewanks and Cascads Mointain, ascanded Hasty Creek and cread the aumint of the Recky Mountains by Simpson

Reverend Robert Terrill Rundle, Wesleyan missionary to Indian tribes of the certhwest camped by the Bow River in the vicinity of the mountains near Bardf in 1941. In 1945 another missionary, Father Pierre Band & Bondt, creased the Rocky Mountains from the west by way of White Man's Pass, which is at the eastern extremity of Rundle Mountain.

In 1858 and 1859 Sir James Hecler, geologist for the Palliser Expedi-tion, explored the region. Hecter discovered Kicking Horse Pass, which later came into use as the route of rail and highway transportation acress the summit of the Rockies (The Great Divide west of Lake

Losion). The Hat Mineral Springs on Sulphur Mountain were discovered during construction of the transcentimental line of the Canadian Pacific Railway. Interest in the springs altereds eletation to this section of Sparkers and the Canadian Pacific Railway. The Canadian Pacific Railway. Control of the Canadian Pacific Railway Canadian Canadian Pacific

Place Names — Some of the place names of the region reflect the valley's brief history: MOUNT RUNDLE ---

MOUNT SRETT —
For Dr. R. O. Brett, a doctor with the railway in construction days, who returned to build a Sanitarium Hotel, which stood on the present site of the Administration Bullding, and a hospital which is still in use.

INGLISMALDIE —
For the Scotlish Castle, named by an early Scotlish visitor, possibly

BOURGEAU - For the botanist with the Palliser Expedition (Hector).

MOUNT PEECHEE —
For the Indian Guide of Sir George Simpson.

FAIRHOLME — Another Scotlish place name, by Hector.

On the far side of the lake are altuated a beat dock and a picnic ground, Mater leanethes provide pleasant transportation for a delightful

BANFF NATIONAL PARK ALBERTA, CANADA

Issued Under the Authority of

THE HONOURABLE ALVIN HAMILTON, P.C., M.P.

MINISTER OF NORTHERN AFFAIRS AND NATIONAL RESOURCES

#### WILDLIFE NOTES

Travel in the mountains will be more enjoyable if one is fortunal oneugh to see wild animate. The national parks are wildlife sanctuaries where all types of animate, the national parks are wildlife sanctuaries see them is another matter, since they do not willingly follow the laway was not facility to heavy. I susure life viring during the early marining or early eviding hours in yet heavy. I susure life when the heavy could be a supported to the best tight fact the photographer.

for getting them rapidly through dates anew or evaning areas. Many promes are unnortian of the difference between Resky Mountain sheep and gests. The sheep are stocky, short-haired, fram-closured animates with light rame publics and heavy shid quarters. An area of the ship of th

Elik, moses, deer, mountain sheep and occasionally mountain geat may be seen in the gean places of the valley near the roadside, but it may be seen in the gean places of the valley near the roadside, but it may be seen to the valley near the roadside, but it may be seen to the place of the control of the

Mesce may be differentiated from oils because of their grayish redevines, sisping shoulders had raman ness; the needs statists offers summer mothing, great scept which are being record the deges sarry in the season, graving localizer points as they mature. The cow messa have no harm but lows large mule-like ages. They are firm beauti-ful cet alones, but see only efficiently constructed with high kide action for golding harmonic properties.

Cycles may be seen in the morning or evening, like pale shaggy deps with bushy talls, cresting the road or following it. Beaver have been dealt with in the stary of the Vermillion Lakes Drive, since this is where one is most likely to see them.

A great variety of birds are present in the mountains in the summer, but "bird-watching" is not very satisfactory from a car. A booket entitled "Birds of Canada's Mountain Parks" may be purchased at the Park Information Bureau, and bird checking lists also may be obtained

Compiled in co-operation with the NATIONAL PARKS SERVICE
